

## BIRDING

### Indoor Studio Lighting Photography Workshop

[PG10W01] Mark Trusz

Learn about the use of artificial light, including flash, to create professional-looking images of table-top floral arrangements. With just a couple of desk lamps, you will be able to make photographs that look as if they were shot in professional studios. Participants should bring their own digital cameras. Thursday, January 28, 10 a.m. to 1 p.m. Public \$40 / Members \$35

### Foundations of Photography Workshop

[PG10W13] Mark Trusz

Want to learn how to improve your photos of the garden? In this class, Mark will explain the basics of digital cameras and photographic techniques – all in the lovely TBG garden setting! By watching demonstrations and perform-

ing guided exercises, participants will begin to learn how to control their cameras to produce technically better images. Participants should bring their own digital cameras.

Wednesday, April 7, 1 to 5 p.m.  
Public \$50 / Members \$45

### Macro Photography Workshop

[PG10W14] Mark Trusz

Macro photography is the art of taking close-up pictures that reveal details not visible to the naked eye. Join Mark Trusz to learn the technical and aesthetic considerations of macro photography and how to compose and create pleasing macro images.

Participants should bring their own digital cameras. The Foundations of Photography Workshop is recommended as a precursor to this class. Wednesday, May 12, 1 to 5 p.m. Public \$50 / Members \$45

### Spring Birding Walk

Greg Sadowski

Spring is one of the best times to see the thousands of migrating birds that pass through Toronto. TBG is offering two opportunities to witness this migration first-hand and to learn more about the remarkable number and variety of birds Toronto attracts. Please bring binoculars and notebook.
