TBG LECTURE SERIES

The Toronto Botanical Garden is proud to present the Spring 2015 TBG Lecture Series. Come early to grab a light dinner or visit the TBG's Garden Shop for great member discounts.

Bistro opens 5:30 p.m.

Doors open 6:30 p.m.

Lecture: 7:30 p.m.

Members free (Bring a Friend for \$10); Public \$25; Students (with ID) \$15. Door sales only.

Creating Identity in a Design-Led World

Thursday, May 14

Paul Hervey Brookes

Join RHS gold-medal-winning designer Paul Hervey-Brookes to explore the deeply personal links embedded in gardens and landscapes that help make personal connections to place. Paul will explore how and why these links are made. What makes spaces personal, can links be designed into the landscape at conception or do they purely evolve?

COURSES & WORKSHOPS

An individual membership at the TBG is just \$45 per year: save on adult programs and it pays for itself!

GARDENING

Blue Magic

Tuesday, May 5,

1 to 3 p.m.

Public \$32; Members \$25

Blue is electric, mysterious, seductive and cool—for many of us, a garden filled with bewitching blue flowers is a tantalizing notion. However, blue is much more effective in plant design as a partner than as a solo act. From palest periwinkle to deepest indigo, garden photographer Janet Davis will cover a palette of beautiful blue blossoms from early spring to mid-autumn and provide loads of ideas for designing with blue, including blue furnishings and accents.

[PG15P28] Janet Davis

Bulbs for the Summer Garden

Wednesday, June 10,

7 to 9:30 p.m.

Public \$40; Members \$30

Bulbs aren't just for spring. Learn how to extend the life and vibrancy of your garden with spectacular bulbs to provide colour and drama throughout the summer. Marion will guide you on how to select, locate and care for these beauties.

[PG15S06] Marion Jarvie

Blue Magic

Summer Bulbs

Designing with Shade Plants

Tuesday, June 16, 7 to 9:30 p.m.

Public \$43; Members \$35

Whether it's a tree, fence or your house casting shadows on the garden, Marion Jarvie will help you determine the best

shade-loving species. Learn which shade plants are best for function as well as beauty and how to integrate them into your landscape for low fuss and high reward in colour and foliage. [PG15S07] Marion Jarvie

Growing a Cut Flower Garden

Sunday, June 28, 10 a.m. to 4 p.m.

Public \$85; Members \$70

Join flower farmers/floral designers Jessica Gale and Aviva Coopersmith to get the full scoop on how to fuse your passions for gardening and floral design with a cut-flower garden. Learn about the local flower movement, cutting gardens and their history as well as the associated ecological and health benefits. Explore the best varieties for cutting, how to create a diverse cutting garden, tips for getting started and ongoing

maintenance. The first part of the day is hosted at the TBG, and then you will take a short drive for a full tour of the cut-flower gardens at Fresh City Farms. Cut your own flowers and enjoy an arrangement demonstration followed by a discussion on post-harvest treatment. [PG15S13] Sweet Gale Gardens and Herb n' Meadow

Clematis & Other Climbers

Tuesday, June 30, 1 to 3:30 p.m.

Public \$40; Members \$30

Clinging, sprawling or trailing vines can be used to cover and accentuate walls and create unique enclosures. Marion will take you through the roster of top climbers, several clematis cultivars, and how to ensure healthy growth, beautiful flowers, proper pruning, siting and care. Learn how to choose the right climbing plant and how to train it up or along just about anything. Students will examine examples of climbers throughout the TBG gardens. [PG15S14] Marion Jarvie

Introduction to Bonsai Gardening

Sunday, July 12,

10:30 a.m. to 1:30 p.m.

Public \$32; Members \$25

This course is ideal for students who have had no experience in this fascinating horticultural art form. Toronto Bonsai Society president Carlos Brás will explain the fundamentals of classical bonsai art with an emphasis on the history, theory and techniques of bonsai design along with a slide presentation, living examples of bonsai and a demonstration of designing a nursery tree into a bonsai. The demo tree will be raffled at the end of the course to one lucky student! [PG15S21] Toronto Bonsai Society

Growing Cut Flowers

GARDEN DESIGN

Planning the Perfect Shed

Wednesday, May 13, 6 to 8 p.m.

Public \$43; Members \$35

Have you been putting off the task of constructing a garden shed to store the tools? Kick spring off right by addressing your garden and yard storage needs—Frank will cover everything from potting to pool sheds, and shed some light on how to plan, build and maintain these crucial structures.

[PG15P33] Frank Kershaw

Cultivating Plants for Privacy

Wednesday, May 27, 6 to 8:30 p.m.

Public \$43; Members \$35

Whether you're looking to keep things in, or ensure others stay out, fostering a sense of privacy and security in and around your garden is important. Join

Frank Kershaw to review tips and tricks to utilize the hardware of fences, barriers and garden structures as home security. Plus, how to use light, sound and plants to promote a safe, secluded and harmonious garden that still looks stunning.

[PG15P36] Frank Kershaw

Garden Design Certificate

Offered in partnership with George Brown College, this certificate takes a practical approach to designing gardens and landscapes for personal or professional interest. coned.georgebrown.ca/gardening | 416-415-5000, ext. 2092 | celiberal@georgebrown.ca

Observation in the Garden

Thursday, July 9, 6:30 to 9 p.m.

Public \$32; Members \$25

“Good design depends on a free and harmonious relationship between nature and people, in which careful observation and thoughtful interaction provide the design inspiration, repertoire and patterns”, says David Holmgren, author of *Permaculture Pathways and Principles*. Learn observation techniques to see what’s really happening in your garden, how to interpret different patterns without bias, and interactions you can use to approach your garden in a new holistic way. Stuart McPherson, project manager of urban greening initiatives and perma-culture-influenced designer, will involve students in both indoor and outdoor elements of observation. [PG15S17] Stuart McPherson

Permaculture 101

Tuesday, July 14, 6:30 to 9 p.m.

Public \$32; Members \$25

Permaculture GTA will introduce you to the history, theory and various methods of permaculture design and living. Get hands-on with drafting designs, growing food and understanding not only the philosophy, but also how to apply your new permaculture skills to your home garden. [PG15S20] Permaculture GTA

URBAN AGRICULTURE

Seed & Soil Intensive

Tuesdays, May 12 to 26,
6:30 to 8 p.m. (3 sessions)

Public \$115; Members \$90

Celebrate the UN International Year of Soils by getting serious about seeds. This three-week intensive led by Urban Harvest, Toronto’s first

urban agriculture business (formed in 1997), will have you seed and soil savvy just in time for the growing season.

Terminology, soil 101 and growing from seed are covered in week one; seed preservation, measuring seed vitality and deciphering seed status (organic, heirloom, GMO) in week two; gardening with seed saving and biodiversity in mind, maintaining heritage seed stock, promoting (the right kind of) pollination and connecting with the champions of the seed world in week three. The focus is on indoor learning with some hands-on components. Receive a packet of Urban Harvest seeds each week as homework.

[PG15P31] Colette Murphy

AN ILLUSTRATED
GUIDE TO
GROWING
FOOD
ON YOUR
BALCONY

Eat Off Your Balcony!

Thursday, June 4, 6:30 to 9 p.m.

Public \$40; Members \$30

An in-depth look at edibles in containers with the author of *An Illustrated Guide to Growing Food on Your Balcony*, this conversational session will focus on basic methods of getting started and troubleshooting for homegrown (and organic) container gardens with accessible, affordable and recycled supplies. Lara will provide hands-on tips based on a stroll through the TBG’s kitchen garden and raised beds.

[PG15S04] Lara Lucretia Mrosovsky

Urban Foraged Foods

Thursday, Aug. 13,

6 to 8 p.m.

Public \$32; Members \$25

For delicious local food think beyond garden veggies and explore the urban jungle of Toronto with the Wild Foragers Society. Nutritious, delicious wild foods grow all over the city. Learn what's safe to snack on, regulations on foraging, how to harvest sustainably and, most importantly, what NOT to eat.

Wild snack and recipe included.

[PG15S23] Wild Foragers Society

Farmers' Market Tour & Tasting

First Thursday of the month,

May through August, 5:30 p.m.

FREE

Take an "insiders" guided tour of the market, meet the farmers and enjoy a seasonal cooking demonstration with complimentary tastings.

HortiCULTURE LECTURE SERIES

Explore the landscape where horticulture and culture intersect in this new daytime lecture series every third Thursday of the month. Light refreshments included.

Each session: Public \$28;

Members \$22

TAKE BOTH

[PG15S27] Public \$45; Members \$40

The Silent Takeover: Invasive Species

Thursday, May 21, 1 to 2:30 p.m.

Invasive species are considered the second greatest threat to biodiversity after habitat loss. Dirk Steinke from the Biodiversity Institute of Ontario will introduce some of the invasive species that live in our gardens and demonstrate what makes them more successful than native species. Learn how invasives got here and what we can do about them.

[PG15P34] Dirk Steinke

HORTICULTURAL THERAPY

HT Certificate Program

The Horticultural Therapy Certificate offers a comprehensive look at the principles and practices of the professional use of horticulture as therapy. This four-module program focuses on the core skills and knowledge recommended for HT education by the Canadian Horticultural Therapy Association (CHTA).

HT Certificate Module Three: Horticultural Therapy Tech- niques & Settings

Weekends, June 27 & 28, July 11 & 12, July 25 & 26 and August 8,
10 a.m. to 4 p.m.

Public \$600; Members \$550

Session planning, with groups or one on one, involves adapting activities to meet diverse needs and developing methods to evaluate progress. Learn to create therapeutic environments using tools and techniques that enable people of all abilities to participate in HT activities, indoors and out, year round. Explore budgeting and sourcing of plants and materials. Horticulture expertise includes greenhouse management, raised beds and container gardening and selecting and growing plants for creative botanical arts and crafts.

Prerequisites: Modules I and II

[PG15S10] Margaret Nevett, HTR

Stefan Weber

The Great Plant Restoration

Thursday, June 18, 1 to 2:30 p.m.

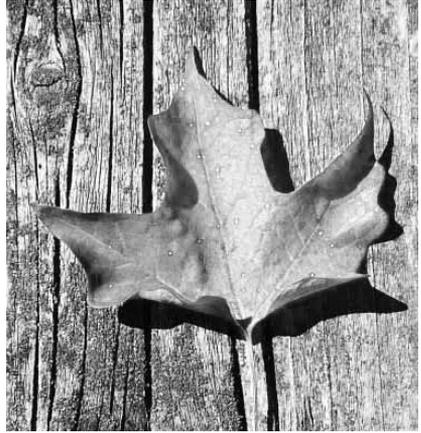

Many native species cling to survival in narrow fragments of undeveloped green space. Join TBG staff alum Stefan Weber to find out how large-scale habitat restoration is bringing these plants back to the landscape. Learn about the struggle to re-wild Ontario, and how you can start your very own Great Plant Restoration. [PG15S09] Stefan Weber

NATURE

Indoor Composting with Bokashi

Wednesday, May 6, 6 to 8 p.m.

Public \$45; Members \$35
No space for a compost heap? Bokashi is a Japanese technique that changes household green waste into organic, nutrient-rich soil through fermentation. These effective microbes produce efficient, odour-free compost indoors in just two to four weeks! Learn how bokashi compost improves water penetration, growth and yields for your garden

Maple Leaves and Native Trees

and home plants. Great for anyone looking to minimize their waste footprint and support healthy growth of plants and microbes.

[PG15P38] Vera Del Vecchio

Mature Tree Maintenance

Sunday, Aug. 23, 10 a.m. to 1 p.m.

Public \$43; Members \$35
Mature trees, whether at your home or a local park, provide a welcoming presence for people, plants and animals alike. Trees that tower over us may seem healthy but the urban lifestyle doesn't always suit mature tree needs and resultant stressors can often be difficult to identify. Join arborist Ian Bruce to learn the symptoms exhibited by mature trees. Ian will also lend his years of experience teaching and working in the arboriculture (tree care) industry with an informal walk through the gardens to point out signs and symptoms of declining health, structural defects that predispose trees to failure and maintenance practices he would prescribe for trees along the way. [PG15S25] Ian Bruce

Maples Leaves & Native Trees

Wednesday, July 1,
10 a.m. to 12:30 p.m.

Public \$25; Members \$15; Kids FREE

This year marks the 50th anniversary of the Canadian flag with its proud and distinguishing maple leaf—but did you know we have 10 species of maple (*Acer*) native to Canada? Join arborist Todd Irvine for a fun and informative walk and talk through the gardens on Canada Day to identify maples, both native and invasive species, and see why our urban forest in Toronto is so important. Families welcome, dress for the weather. [PG15S15] Todd Irvine

FLORAL DESIGN

 Indicates courses that may be applied to the Floral Design Certificate.

Course fees do not include flowers or supplies.

Introduction Sogetsu Ikebana

Tuesdays, May 5 to 26,
6:30 to 9:30 p.m. (4 sessions)

Public \$170; Members \$140

Ikebana is the ancient Japanese art form of flower arranging. The Sogetsu School of Ikebana reflects modern lifestyle and focuses on encounters between two ever-changing entities: humans and nature. Suitable for absolute beginners and students returning for a refresher. (Only one Ikebana credit is counted toward the Floral Design Certificate.) A one-time materials fee of \$70 will be due at first class.

[PG15P32] Ada Hirschler

Creating & Designing with Paper Flowers

Saturday, May 23, 10 a.m. to 1 p.m.
Public \$45; Members \$35

Add a creative flair to your floral designs by making your own flowers from paper! Artist and floral designer Lillian Taggart will walk you through her techniques for crafting beautiful, eye-catching floral designs with paper. A list of fresh flower materials will be shared prior to the course—paper materials for flowers are provided. This course does not contribute to the Floral Design Certificate.
[PG15P35] Lillian Taggart

Paper Flowers

Floral Design Certificate

This series of hands-on floral design courses is taught by accredited floral design judges from the Garden Clubs of Ontario and is suitable for both amateurs and professionals. Students are welcome to work towards and apply for the Floral Design Certificate. toronto botanicalgarden.ca | 416-397-1341.

TORONTO
BOTANICAL
GARDEN

Creative Floral Design

**Mondays, June 1 to 22,
6:30 to 9:30 p.m. (4 sessions)**

Public \$170; Members \$140
Use what you've learned from Fundamentals I & II and explore the ground-breaking designs developed in the freedom-seeking 1960s. Creative design styles such as parallel, satellitic, synergistic, underwater and duo-designs will have you thinking outside the vase. Prerequisites: Floral Design Fundamentals I & II (formerly Introduction & Basic Floral Design) [PG15S01] Sue Clarkson

Floral Design Fundamentals I (formerly Introduction to Floral Design)

**Wednesdays, June 3 to 24,
6:30 to 9:30 p.m. (4 sessions)**

Public \$170; Members \$140
This popular course is suitable for complete beginners, whether for personal or professional interest. Learn floral design fundamentals such as how to select and condition flowers, how to use floral design supplies and different

types of designs. In this hands-on course, each week you'll create one of the following designs in class using the principles and elements of design and colour: water viewing, hand-tied bouquet, crescent and triangular. Materials lists will be e-mailed prior to the course start date. This course is the prerequisite to all other courses in our Floral Design program. [PG15S02] Ursula Eley

Manipulating Foliage

**Wednesdays, June 17 to
July 15, 6:30 to 9:30 p.m.
(4 sessions, no class July 1)**

Public \$170; Members \$140
A popular modern technique, manipulating foliage in a design can create rhythm, interest, impact and abstraction. In this hands-on course, learn how to use techniques like rolling, plaiting, braiding and boondoggling on leaves such as aspidistra, flax and palm. A one-time materials fee of \$70 will be due at first class. Prerequisites: Floral Design Fundamentals I & II. [PG15S08] Margaret Taylor

Floral Design

Chinese Brush Painting

ART

Brushes with Serenity - Welcoming Spring

**Mondays, May 4 to June 8,
10 a.m. to 12:30 p.m.**

(5 sessions, no class May 18)

Public \$185; Members \$145

Join Moira in welcoming spring by getting creative using bamboo brushes, ink and watercolours on rice paper to depict the soft colours and warm awakening of spring. Foliage, flowers and feathered friends will be explored in this course. No experience necessary. Course materials, if required, are available at approximately \$30.

[PG15P27] Moira Mudie

Introduction to Chinese Brush Painting

Sunday, May 31, 1:30 to 5:30 p.m.

Public \$80; Members \$70

Join internationally renowned artist, humanitarian, and environmentalist William Ho for an introduction to traditional Chinese brush painting. Mr. Ho will give background and insight on the essence, purpose and uniqueness of Chinese painting. This course includes demonstrations and techniques. A full kit of materials—ink, colours, rice paper and brushes—is provided.

[PG15P37] William Ho
(www.williamhoart.com)

The Basics of Drawing

**Wednesdays, June 3 to 24,
1 to 3:30 p.m. (4 sessions)**

Public \$140; Members \$120

Whether you're new to sketching or looking to refresh those artistic talents, all levels are welcome. Weekly lessons will provide planned subject matter, demonstrations and a series of exercises to work through at your own pace.

Explore new approaches to the world of drawing natural subject matter in a fun, leisurely atmosphere.

[PG15S03] Laurel Angeloff

Botanical Art Studio

**Thursdays, June 25 to Aug. 27,
10 a.m. to 1 p.m. (10 sessions)**

Develop your own botanical painting style in this relaxed, studio-style class. Individual instruction from Leslie Staple is based on your level of expertise. Work at your own pace. All levels welcome. Bring watercolour materials and an inspirational subject.

FULL SESSION—TEN CLASSES

[PG15S28] Public \$375;

Members \$300

HALF SESSION—FIVE CLASSES

[PG15S29] Public \$203;

Members \$162

Introduction to Painting En Plein Air

**Saturday, June 6,
9 a.m. to 4 p.m.**

Public \$135; Members \$95

Keith Thirgood, President of the Ontario Plein Air Society (OPAS) leads a one-day exploration of plein air painting—painting outdoors. Suitable for studio artists wanting to break away from the shackles of the studio as well as new artists up for an accelerated approach to painting. Discuss practical aspects of plein air painting and learn

tricks for making it easier. Learn how to create order out of chaos, review the new colour theory and colour mixing in the field and come away with a completed painting. Acrylic, oil, water-colour and pastel artists welcome.

Please bring your own materials; a list will be provided.

[PG15S05] Ontario Plein Air Society

PHOTOGRAPHY

Foundations of Photography

Sunday, May 10, Noon to 5 p.m.

Public \$55; Members \$45

Get a firm grasp of the foundations of photography by learning with your own digital camera and renowned photography instructor Mark Trusz. Learn the essentials of digital photography, get to know your equipment, learn basic techniques and receive one-on-one feedback in a friendly atmosphere. This fun, engaging course takes place indoors and out, including demos and guided exercises.

[PG15P29] Mark Trusz

Macro Photography: Getting Close to Nature

Saturday, June 20 & Saturday

June 27, 8 a.m. to Noon

Public \$120; Members \$95

Come close—real close—to nature in this two-day intensive on macro-photography with professional photographer/wildlife enthusiast Max Skwarna, featuring hands-on learning both indoors and out. Learn to work with your camera's macro settings to control and capture light, regulate depth and focus, enhance and compose images—all while capturing small and spectacular parts of the garden. Explore specialized macro-photography

Macro-photography

equipment, flash applications for indoors and out and additional software effects. There will be scheduled time to review images for class critique and homework assignments.

[PG15S11] Max Skwarna

Digitally 'Pressed' Flowers

Friday, July 24, Noon to 5 p.m.

Public \$70; Members \$55

Experiment with photography where plants and technology meet—in the scanner! Learn how to use a flatbed scanner to create pressed flower

designs as images. Bring your own (fresh or dried) cut flowers, leaves and any other botanical bits, a USB memory stick to bring your new creations home on and your own creativity!

[PG15S22] Mark Trusz

Framing the Bees

Sunday, Aug. 23,

9:30 a.m. to 3:30 p.m.

Public \$65; Members \$50

Join the summer's sweetest photography course in the garden. This special fusion course combines macro-photography skills and urban beekeeping. Providing hands-on experience, we'll literally be getting into the hives, while focusing (pun intended) on developing your macro-photography skills with the thousands of honeybee models. Meet and learn more about one of the world's most popular pollinators, and become a more experienced shutterbug. The outdoor, in-hive component will be complemented with indoor class time to review images. It's bound to BEE a good time!

[PG15S24] Haley Chambers

Framing the Bees

WELLNESS

Mindful Meditation

**Tuesdays, May 12 to June 30,
4 to 6 p.m. (8 sessions)**

Public \$200; Members \$160

Spending time in nature—whether in your garden or city parks—brings a sense of calm, connection and stability to the stress of urban living. Regular meditation, even for a few hours a week, can produce an abundance of mental and physical benefits.

Naturopathic doctor David Denis brings his training and expertise in emotional well-being and psychotherapy to this meditation series by teaching students about mindfulness. The eight-week series will provide teachings, guided meditations and group support—all taking place in

the beautiful TBG gardens with nature as your inspiration. [PG15P30] David Denis, ND

**Herbal Cordials: Sip & Stroll
Wednesday, June 24,
6 to 8 p.m.**

Public \$40; Members \$30

Cheers to herbal health! Enjoy a leisurely evening stroll through the gardens, sipping a variety of delicious herbal cordials while learning about the medicines in bloom with local herbalist Danette Steele. All the senses will be engaged during this plant walk as we touch, taste and smell our way through the garden. Cordial recipes and herbal resources will be shared for your future plant adventures! [PG15S12] Danette Steele

Refund/Cancellation Policy: For refunds and transfers, cancellation must occur at least one week prior to the class start date and an administrative fee will apply. Please see our website for full details.

Yoga in the Garden

**Thursdays, July 2 to 30,
5 to 6 p.m. (5 sessions)**

Public \$110; Members \$90

Drop-in Rate \$25

Where better to connect with yourself through yoga than in the inspiring Toronto Botanical Garden—literally, in the garden! Join BYEY Yoga and a rotation of their exceptional instructors for a one-hour hatha yoga session right out in the sunshine. Hatha is a series of physical postures designed to improve your health and well-being while connecting your mind and body to discover your best self. All levels of practitioners, regardless of flexibility or strength, are welcome to join in this yogic celebration of summer. Bring your own yoga mat.

[PG15S16] BYEY Yoga

Yoga: Summer (Indoors)

**Mondays, July 13 to Aug. 10
(no class Aug. 3) (4 sessions)**

Public \$75; Members \$60

Drop-in Rate \$20

Combining different yoga styles, these rejuvenating classes encourage a balance between endurance, strength and flexibility. Instructor Janet Croken welcomes all levels and abilities. Bring your own yoga mat.

[PG15S18] 4:30 to 6 p.m.

[PG15S19] 6:30 to 8 p.m.

[PG15S30] Take Any Five

WESTON FAMILY LIBRARY

Canada's largest private horticultural library is at the TBG. Open Monday to Friday, 10 a.m. to 4 p.m. and weekends, noon to 4 p.m. 416-397-1343 | librarydesk@torontobotanicalgarden.ca.

NEW! Search the online library catalogue at torontobotanicalgarden.ca/library
