

FLORAL DESIGN FAQ's

Can I take Floral Design courses if I've never done it before?

- Yes! Our Floral Design courses are structured to welcome anyone/everyone with an interest in designing with flowers.

Can I choose from any of the available courses?

- To ensure the program develops students' knowledge based on the same set of skills, the Classic Design Fundamentals I & Fundamentals II courses are prerequisites that must be taken first. Please only register for courses that you meet the requirements for, otherwise a cancellation fee may apply.

How long are the courses?

- Each course is structured to run with in-class learning one day a week, for three hours, over four weeks. Students are encouraged to strive for perfect attendance as there are no make-up options for classes.

How much is each course?

- Four week courses range from \$180 to \$226.
- One off courses can range from \$60 to \$120 since it includes materials.

How much will the materials cost?

- Each student will have different costs depending on the design and materials chosen. Some students will purchase materials from a florist or the grocery store while others may collect from their own gardens/houseplants.

Are the flowers and hard materials included?

- Four week course fees do not include floral material or supplies. We require students to obtain flowers and containers as part of the learning process. Once you have registered for a course, a specific floral material list will be provided that gives you several options. The list is a learning aid for selecting appropriate plant material for a design.
- You'll require particular hard supplies for any/all courses. The instructor will email you this a week prior to the first day.

I already have experience with Floral Design and just wish to take one particular course - do I still need to take the Introductory?

- Yes. All students are required to attend the mandatory and elective courses in the required order above regardless of previous experience.

What if I want to receive your Certificate in Floral Design?

- All Floral Design courses can be applied towards the certificate unless noted otherwise. Students are required to meet certain criteria before being eligible for the certificate, see more details [here](#).

How long will it take me to complete the certificate program?

- It will take anywhere from two to three years to complete. This depends on how often the elective courses are offered.
